BATTLE FOR KAIFENG WILL BE ON BIGGER SCALE THAN HSUCHOWFU

HEAVY AIR LOSSES ARE SUFFERED BY JAPANESE

Over Six Hundred Planes
Downed: 1,064 Casualties

CHINESE SPOKESMAN DISCREDITS STATEMENTS MADE IN SHANGHAI

Hankow, June 5.
Japan lost 648 planes and the casualties among her airmen numbered 1,064, up to the end of May, declared a spokesman of the Chinese Air Force in an interview with the Central News Agency today.

Altogether 17 Japanese airmen were captured, the spokesman added.
He accused the Japanese naval spokesman in Shanghai of intentionally minimising the losses of the Japanese Air Force and circulating false reports to mislead the Japanese people and the world.

Recalling the aerial combat over the Wuhan cities on April 29, the spokesman said the Japanese spokesman announced that 52 Chinese planes were shot down whilst only two Japanese planes were missing. As a matter of fact, 21 Japanese planes were shot down whilst four Chinese planes damaged.

Again, the gigantic dogfights over the Wuhan cities and Hukow in north Kiangsi on May 31 resulted in the destruction of 14 Japanese planes and the loss of two Chinese planes. The Japanese spokesman, however, claimed that 20 Chinese planes were shot down whilst only one Japanese plane was missing.

The allegation of the Japanese spokesman that Japanese airmen never carried any parachute was refuted by the spokesman. He recalled that during the combat over the Wuhan cities on April 29, a Japanese pilot, Takahashi, descended from his damaged plane by parachute, as did another pilot, Takahara, on May 31. He also asserted that many parachutes, carried by Japanese airmen, had been captured by the Chinese.

Discrediting the allegation of the Japanese spokesman that Japanese airmen committed hara-kiri before they were captured, the spokesman stated that Japanese airmen killed in plane crashes or captured alive had so far shown no sign of hara-kiri on their bodies.

Neither had knives for hara-kiri so far been found on the persons of Japanese airmen killed or captured. What had been found on their person were pictures or shoes of their sweethearts, charms, thousand-stitch cloths, etc.

As strong evidence of the falsity of Japanese propaganda, the spokesman said that May 31 was a fine day in the Wuhan cities with brilliant sunshine, but the Japanese spokesman described the weather as bad with visibility poor. (Central News).

BRITISH POLICE INSPECTOR SHOT DEAD

Jerusalem, June 5.
A British police inspector, James Gordon, was found shot dead at his residence near Tel-Aviv, this morning. A revolver was found near his body. (Reuter).

Sun Fo In Holland

DODGES ALL INTERVIEWERS

The Hague, June 5.
Dr. Sun Fo, President of the Legislative Yuan of the Chinese Government, arrived here yesterday and was met by the Chinese Minister at the Hague, Mr. Wunz King.

It is expected that Dr. Sun Fo will return to China in a few days. Dodging all interviewers, he refused to comment on reports of his visit to Moscow and on the reported Sino-Soviet agreement. All day yesterday he was busy in conference with officials at the Chinese Legation.

Dr. Sun is guarded by Dutch detectives, and even his hotel rooms are watched by Dutch police. (Reuter).

CHINESE EMBASSY CLOSING IN TOKYO

Shanghai, June 5.
The Chinese Embassy in Tokyo is being closed, and Mr. Y. C. Yang, Charge d'Affaires, who has been remaining there since the return of the Ambassador, Mr. Hsu Shih-ying, has been instructed to return to China with his staff, according to Chinese reports current here.

It is not stated whether this means formal severance of diplomatic relations with Japan, although the Konohe Cabinet has declined to deal with the Central Authorities. (International).

RECAPTURED FROM JAPANESE

Novel Air Raid Precaution

Many foreign residents in Shameen are building bamboo tiers on their roofs as a precautionary measure against stray Japanese bombs, reports Reuter.

It has been demonstrated that four or five layers of bamboo lattice-work will sometimes detonate the bombs, causing upward explosions, while in some cases unexploded bombs are trapped in the strong lattice-work, the successive layers breaking the force.

JAPAN PLANS INDEPENDENT AIR FORCE

Shanghai, June 5.
A Tokyo report stated that Japan will have an independent air force with Emperor Hirohito at the commander-in-chief with the rank of Lieutenant-general. This is to strengthen the Japanese air force with the arrival of many new planes from Europe and America.

At present the Japanese air force has no separate command. (International).

FURTHER RIOTS IN JAMAICA

Police And Workers In Pitched Battle

Kingston, Jamaica, June 5.
Four were killed and four injured in a pitched battle between police and rioters who attempted to loot a Chinese store yesterday. Reinforcements of military police were rushed today to other country districts where further rioting is reported.

Fast motor travel is dangerous owing to hoarder barricades erected by disaffected labourers. (Reuter).

Chinese High Command Decide On Formation Of New Line Of Defence

No Details Are Divulged

Hankow, June 5.
The town of Kaifeng is still held by the Chinese, according to Chinese reports from the front on Sunday which point out that the Japanese have been attacking without respite. It is particularly stressed that the Japanese, after capturing Chenliu and Tungshu—the former about 30 kilometres southeast and the latter, the same distance south of Kaifeng—are advancing on Kaifeng from several sides. Regarding the fate of Lanfeng, south of the bend of the Yellow River on the Lunghai Railway, no further news has been received. Chinese declare that the town has been abandoned. (Transocean).

Following the Chinese High Command's decision to form a new line of defence between Kaifeng and Chengchow, Chinese forces, which have hitherto been attacking General Dohara's Division in north-west Lanfeng, have withdrawn to new sectors according to Chinese reports, says Reuter.

Chinese military authorities here refuse to divulge details of this new line, but Chinese sources say it is manned by fresh troops in order that the forces which withdrew from Hsuehchow may have a rest and be reorganised.

This withdrawal is said by the Chinese to be responsible for the widespread reports, which they describe as without foundation, that the Chinese are withdrawing westward along the Lunghai Railway, while evacuation of banks from Chengchow are stated to be responsible for rumours that the fall of Chengchow is imminent. Chinese circles assert that the Japanese are still a considerable distance away from the Peiping-Hankow Railway on which trains

are said to be running as usual. The usually well-informed Ta Kung Po says: "In the Hsuehchow battle the Japanese concentrated their attack on one point while the Japanese are at present launching a large-scale drive from several directions."

NEW CAMPAIGN
"From Anhwei, Honan and Chekiang, Japanese forces are moving westward, their main objective being to cut the Peiping-Hankow Railway and encircle Kaifeng and Chengchow and exert pressure on Hupeh. From there, in the new campaign, Kaifeng and Chengchow do not occupy an important position."

"Our chief aim is to defeat the very aims of the present Japanese drive. We have learned and we are confident that our highest military commander has prepared careful plans which are now being carried out."

"The forthcoming battle will far exceed the Hsuehchow battle in scale and scope. Benefited by the experiences at Hsuehchow our troops will make a better showing in the coming struggle." (Reuter).

HENLEIN GOES TO GERMANY

Prague, June 5.
Herr Kourad Henlein left Asch, his home town, with his wife and family last night by car for Germany.
His exact destination is unknown, but the trip may be a holiday. (Reuter).

BRITISH TANKER BOMBED

Madrid, June 5.
The British tanker, Maryad, was bombed from the air at Alicante today and caught fire.
An engineer named Williams is reported to have been drowned. (Reuter).

Canton City Suffers Yet Another Terrifying Day

Government Offices The Principal Objective

Canton, June 5.
THE CITY SUFFERED ANOTHER terrifying day when Japanese planes carried out a raid from 1 p.m. in continuous relays of five and six machines.

THE PRINCIPAL OBJECTIVES seemed to be Government Offices in Central Park and the Taishoutao Railway Station, although six bombs were dropped at Wongsha station demolishing locomotive sheds there.

The bombing of the latter objective caused some worry to residents of Shameen as the bombs were actually released over the concession and a loud swishing noise could be heard in Shameen as the missiles hurtled to the ground.

Winghong Road again suffered today as a large bomb landed there and killed a number of people. At this point, Reuter's correspondent later saw fourteen dead and a large number of injured.

40 HOUSES DESTROYED
Forty houses were demolished in the vicinity of the Government Offices and most of the occupants were killed.

A woman remained buried under fifteen feet of debris from noon till 3 p.m. and was finally extricated alive although suffering from a number of broken ribs and other injuries.

A large 500-pound bomb landed on the road in front of the old Sun Yat-sen University which is now being used a middle school making a crater thirty feet deep and forty-five feet wide.
Another bomb landed in a dug-out within the University grounds, killing six persons who had sought shelter there. Total casualties in today's raid is estimated at between 200 and 300. (Reuter).

NATIONAL GOVERNMENT TO
REMAIN IN CHUNGKING

Hankow, June 5.
Reports emanating from Japanese sources that the National Government will be removed to Kunming, capital of Yunnan, are denied by official quarters.

It is asserted that the National Government will remain in Chungking, where it was removed prior to the fall of Nanking. (Central News).

AMERICAN CONDEMNS BOMBINGS

Washington, June 5.
Mr. Sumner Welles, Assistant Secretary of State, after a talk with President Roosevelt yesterday, has issued a long statement to the press condemning the "ruthless bombing of women and other non-combatants in Spain and China."

The statement declares that the United States people regard such warfare as barbarous.

ADMIRALTY CHANGES FORESHADOWED

The announcement that Admiral Cunningham will join the Board of Admiralty as Deputy Chief of the Staff in November forebodes a number of important naval changes at headquarters.

Lord Chatfield's retirement in September is already known, but a number of other important offices will have to change hands in the next few months as the officers now holding them will have been in office for the full term which is allowed either by regulation or by tradition.

At least three important changes can be expected before the end of the year.

Admiral Cunningham's return from the Mediterranean also makes a vacancy in an important command at sea, the Battle Cruiser Squadron, and the Navy has made an almost unanimous guess at the man who will next hold the command.

Admiral Sir William James, after his spell at Whitehall, is likely to go to sea, and here again the Navy is generally agreed as to which of the main fleets he is likely to take over when the time comes. At present there are only three full Admirals unemployed, and one of them, it is understood, will retire shortly. (Manchester Guardian.)

Command, with effect from Nov. 5.

ALICE FAYE AT MAJESTIC

Rhythm, sweet, tremble and lowdown; heavenly song hits by Gordon and Revel; scrumptious girls; a parade of personalities headed by Alice Faye, the Ritz Brothers, Don Ameche; flying addies, hot trumpets and honky crooners; dancing feet like rain on the roof; and the insistent antics ever from the Ritzmaniacs—Twenty-first Century-Fox includes everything for a smash hit in "You Can't Have Everything," a sensational new musical show opening today at the Majestic Theatre.

All the upsurge, the swing, the brilliance, and the freshness expected from the entertainment-makers who produced "Sing, Baby, Sing," "Thanks A Million," "On The Avenue," "One In A Million," and "Wake Up And Live" is topped by a galaxy of featured talent, which also includes Charles Winninger, Louise Hovick, Rubino, and his violin, Tony Martin, Arthur Treacher, Phyllis Brooks, Tip, Tap and Toe, Louis Prima and his band, and Tyler Brooke.

MUSICAL REVIEW OF THE WEEK

BY 'ALLEGRO MODERATO'

The performance of "The Canterbury Pilgrims" by the Hong Kong Singers last Tuesday was their most ambitious effort. This particular work of Dyson is noted for its heaviness and intricacy. It exacts all the attention from conductor, singers and, most of all, the orchestra.

Except for a few woolly spots, the show went off rather well. It is difficult to conceive Dyson at best of times. We heard the Singers doing "In honour of the city" last year, but we still think "Canterbury Pilgrims" a far more difficult work to perform.

The 'prologue' and 'tenor' are the two most tuneful bits in the whole work. The soprano solos in "The Nun" and the "Wife of Bath" are delightful and Eva Turner did both every justice. They are both lovely pieces. Perhaps the singer could have rounded her high notes a little more. The tenor solos in "The Squire" and "The Haberdasher" and "His Fraternity" and the "Doctor of Physic" are varied in mood and taxed the singer to the utmost. Gaston d'Aquin sang the "Haberdasher" best of these three. The tempo of the "Squire" was too fast for us to appreciate his singing.

Of the three soloists Victor Sanders had the most difficult pieces to perform and we think he was a hero to have tried to sing them. His rendition of the "Monk" was excellent. In his second number, the "Franklin," he did not have much of a chance. The orchestra was overpowering and the tempo too much for him.

The orchestra did noble work throughout. It is a bit of a job to tackle the introductory bit and make it sound anything like music, because the score is a maze of notes thrown together and hardly intelligible to the ordinary music lover.

The Singers did the opening "When that April" remarkably well. The Orchestra had the best of "The Knight." The best thing they did were the "Clerk of Oxford," "The Shipman" and the "Merchant," the last proving to be the most popular number as far as the audience was concerned.

The last performance of "Smile" by the R.A.M.C. Players on May 28 was very poorly attended. We noticed that the audience consisted mostly of friends of the R.A.M.C.

Except for the Radio, the musical season will be closed until late September. But we think some promenade concerts would be the ideal thing.

We heard Aureliano Bertile and Margaret Sheridan singing pieces from "Butterfly" and "Andrea Chénier," and enjoyed ourselves thoroughly.

Albert Barton, baritone, will sing from the Union Church at the broadcast service. He is offering "Lead Kindly Light" by Barnard.

This year happens to be the centenary of the death of Elzet. Perhaps some of the musical societies will be enterprising enough to perform the concert version, at least, of "Carmen," when it gets cooler.

THE WEEK IN MACAO

(From Our Own Correspondent)
Macao, June 5.

British Gunboat

Concluding her courtesy visit to Macao recently to participate in local celebrations commemorating Portugal's national day on May 28, H.M.S. Seawolf left this Colony for Canton early last Monday morning. Commanding the Seawolf is Lt.-Comm. D. L. C. Craig.

The Chinese Spirit

A certain young Chinese lady last week bade farewell to her foreign friends prior to going to Canton to become a Red Cross worker. "The Japanese want to fight our women and children, so we are going to oblige them," was her sardonic reply to the remark that her job was a pretty dangerous one for a young lady.

The Japanese Touch

Last Tuesday morning a Japanese destroyer, hovering outside Portuguese territorial waters around Macao, halted a small fleet of junk which were engaged in fishing in the locality. Two of the Chinese vessels succeeded in making good their escape into Macao waters, both crews reporting that the Japanese had fired on the other junks.

Gazetted

Among the new names recently gazetted by the Government is that of Dr. Alexandre Gomes dos Santos. Dr. Santos has been appointed Medical Officer of the Macao Fire Brigade.

Returned

Returned recently to Macao from Home leave in the United States of America was Mr. G. D. Fuller who plans to put in a few more years of residence in China. Mr. Fuller has already 30 years to his credit.

Organizer

On June 10, Macao will celebrate the anniversary of the death of Luiz de Camoens, the soldier-poet who gave to Portugal the immortal poem Lusad in which he sang of the glories of her sons. Commissioned to head the organizers to arrange for a programme for Camoens' Day was Dr. Jose Ferreira de Castro, director of the Liceu Infante D. Henrique.

Canton Refugees

In order to check the influx of refugees from Canton as a result of recent Japanese bombing in that capital, the Macao authorities have imposed restrictions similar to those in Hong Kong. Last week a large number of Chinese were repatriated to Canton.

WHO TOLD YOU THAT?

"How many miles to the gallon?" father asks.
"What colour is the upholstery?" inquires mother.
"How fast will she go?" demands the son.
"Has it a good mirror?" asks the pretty daughter.
"How can they afford it?" gossip the neighbors.

"FIRST LADY"

"First Lady," a film version of the Broadway stage hit of the same name, is scheduled to have its local premiere next Wednesday at the Queens Theatre.

Kay Francis is the star of this Warner Bros. comedy of society and politics at the American capital. Supporting her are Preston Foster, Verree Teasdale, Anita Louise, Victor Jory, Walter Connolly, Louis Fazenda, Marjorie Rambeau and a dozen other notables.

"First Lady" is a polite treatise on the Washington society, as seen from the corner of a merry observer's eye. It has no mission. It preaches nothing more serious than the gospel of good humour.

THE WHIRL OF NEW YORK

New York, with all of its mad-dening midday whirl, with its fiery blaze of neon by night along the Gay White Way, that today is more red than white, with its night clubs, giant buildings, crowded tenements, penthouses—all the striking contrasts of human handiwork is now revealed to the world in its true colours.

David O. Selznick, who made the amusement world applaud with his technicolour production of Hollywood, "A Star Is Born," has turned his showmanship talents to the east and "Nothing Sacred," the comedy satire of New York co-starring Carole Lombard and Fredric March, showing at the King's Theatre today glorifies Manhattan and eastern resorts in Technicolour.

Ben Hecht, writer of the mad Manhattan tale, which is based on a story by James H. Street, described Father Knickerbocker's town as a "cake-walk between two river banks." The spirit of his satirical description has been captured in this fast-moving, romantic farce.

JAPANESE CONTINUE WANTON
BOMBING OF CIVILIANSAnother Thousand Perish As
Missiles Fall At Random

Another day of horror was experienced by the people of Canton on Saturday when the Japanese air force carried out another murderous raid on the city, the bombs from their planes, dropped at random, claiming over 1000 lives, most of them women and children, in addition to wounding many more.

The scenes where the bombs fell beggar description and an official estimate places the casualty list, since the first raid on May 28, at over 5000 dead. Despite this, a spokesman in Tokyo a few days ago made the brazen announcement that the Japanese air force were not in the habit of bombing non-military objectives and open cities!

It is only to be expected that following such a visitation certain sections of the community are thrown into panic but the general morale of the people of Canton remains unshattered, and a special word of praise must be extended to the Red Cross workers who defy death in their efforts to attend to the wounded.

APPALLING TOLL

Canton, June 4.
An official estimate released here late in the evening placed the number of dead and wounded, by the Japanese bombing this morning at the appalling figure of 2,000.

Countless number of innocent men, women and children were blasted to death, horribly maimed beyond recognition, or permanently disfigured by twenty-five Japanese planes which rained thirty bombs on the heart of the city to create probably an all time high register in the history of wanton aerial attack.

With today's bombing, the Japanese air force has brought to the second week its daily display of indiscriminate savagery and callous destruction on the City of Rams which first startled the civilized world on the morning of May 28.

A.A. BATTERIES ACTIVE

Today's number of dead and wounded, added to the three thousand people victimised during the week, has swelled the account of the Japanese air bombardment to the horribly high toll of fully 5,000 casualties.

Throughout the bombing this morning, Chinese anti-aircraft batteries loosed a terrific hail of shells on the raiding planes, and kept them high most of the time.

For more than two hours, the city was rocked to its foundation as Chinese A.A. shells and Japanese missiles fell pell-mell over

many parts of the severest ever experienced by Canton.

OVER 250 HOUSES
DEMOLISHED

The raids were conducted by the enemy aircraft today, the first in the morning shortly after nine o'clock and lasting till midday, and the second at 2.30 o'clock in the afternoon.

In the first raid, nineteen Japanese planes, in two groups, took part, while in the second attack fifteen planes participated.

More than 250 houses along several of the main arteries of the city were demolished by the explosion of the bombs, causing hundreds of inmates to be buried among the shambles half alive.

CITY OF THE DEAD

Canton, June 5.
Canton last night was a city of the dead. The dead, however, are more fortunate than some of the injured living, some of whom are still pinned beneath fallen masonry.

The scenes enacted last evening will forever live in the memory of observers.

One of the most poignant was a mother, whose legs were crushed beneath a huge stone block, receiving water from her weeping son.

Another dead mother had her child clasped to her breast, with both bodies squashed together in an indescribable mass of flesh and bones.

Altogether seven or eight residential sections of Canton were

bombed, and in some places corpses were laid out in rows stretching for hundreds of yards.

BLOODIEST SECTION

Bloodiest section was the corner of Taihong and Winghon Roads, where a four-storied concrete arcade crashed on top of hundreds of terror-stricken Chinese who had taken refuge in what appeared to be a place of safety.

Some of the injured survivors were making the night horrible with heart-rending moans, while others though suffering terribly, were strangely and stoically silent while rescuers laboured with ropes and pulleys to remove the masses of stone and concrete under which they lay.

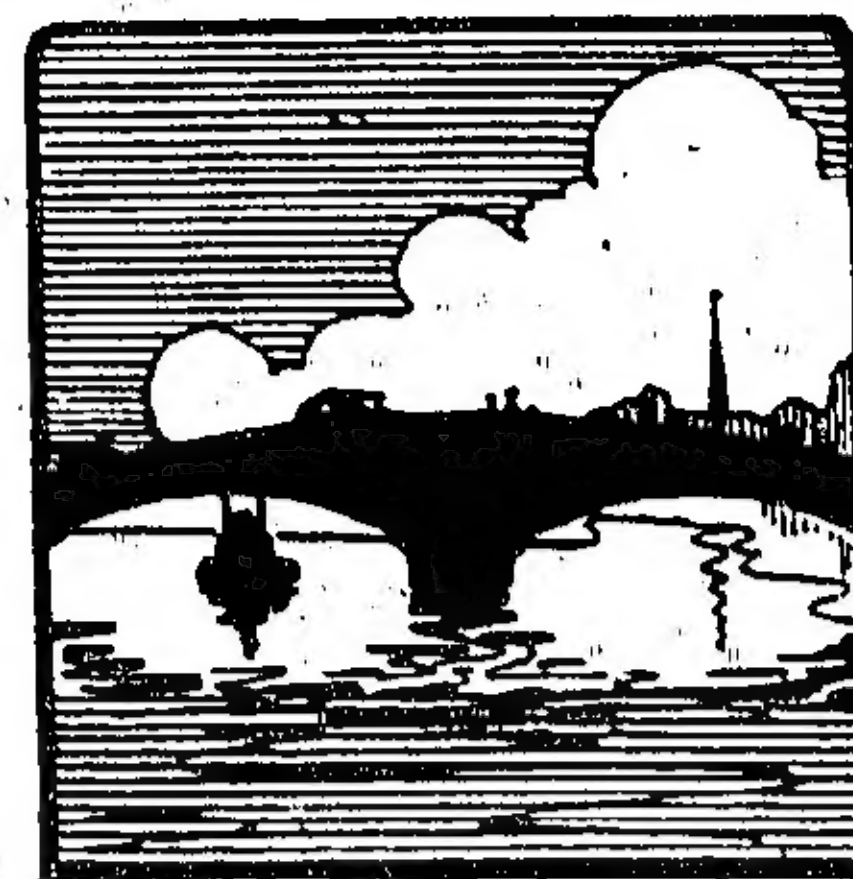

The Government buildings were specially singled out for attack but though several bombs dropped within a radius of 150 yards no direct hit was scored.

NEWSMAN'S ESCAPE

Mr. Tiltman, correspondent for the London Daily Express, narrowly escaped while taking shelter in Governor Wu Teh-chen's dugout, when several bombs, evidently aimed at the dugout, dropped within 100 yards and exploded with terrific detonations.

Chinese sources in Canton estimate that the casualties in the latest raids, when totalled, will exceed last week's heavy death toll.

Mission and other hospitals are full to overflowing and scarcely can the devoted doctors attend to the pitiful mass of injured people.

EXPERIMENT WITH RICE
IN NEW TERRITORIESAgricultural Association
Hold Annual Meeting

There was a large attendance at the ordinary yearly meeting of the New Territories Agricultural Association held at Fanling on May 28. The Chair was occupied by Mr. H. R. Wells and among the others present were Messrs. C. Tetzel (Hon. Secretary), Fung Ki-cheng, J. D. Bush, Tang Wei-tong, Tang Pak-mau, Chiu Kam-to, Leung Tak, K. L. Lung, Pang Kuen, Cheung Chik-bay, Lui Yam-suen, Liu Shau-pang, Wong Chung-man and Fung Fook.

The accounts were presented by Mr. C. Tetzel, who said:—
Although donations at \$255.57 were \$1271.75 higher than the previous year, the term under review ended with a deficit of \$982.58, due mainly to an expenditure of \$1744.68 on the levelling of the ground and the digging of irrigation ditches for our experimental farm. An unusually large amount of manure was also required for a poor soil.

We were very fortunate in enlisting the close co-operation and most generous support of the Kernel Seed Co., who paid practically the whole bill and experimented with seeds sent out at their own expense. At present about one-half of our land is under cultivation, and the laying out of the other half, also in the hands of the Kernel Seed Co., will probably be completed three or four months hence.

Several crops of tomato, cabbage, carrot, French bean, lettuce, parsnip, celery and maize have been grown and have found their way into the market with a return of \$192.09. These products have not been uniformly up to the desired standard, but with the enrichment of the soil as we go along, better results will no doubt be obtained.

RICE EXPERIMENT

An experiment with rice from a well known Tung Koon stock is being conducted. The planting was delayed until three or four weeks ago, due to the lack of water as the villages further up blocked the stream and diverted the flow into their fields. The question of water in the New Territories has been brought up and discussed on many occasions, and we are now up against the very problem which we have endeavoured to solve for the farmers.

To ensure a constant supply of this much needed element especially in dry seasons, we shall have to sink a well and use a pump of some sort, and the latter will be a most suitable gift to the Association from anyone who is interested in our work.

Regulations to hold agricultural classes have been drawn up and adopted by the committee. The value of such a school with practical work at our own farm cannot be overestimated, and as soon as funds permit a limited number of boys will be admitted for a start. Very few of the farmers in China can see anything but the old methods handed down from generation to generation for thousands of years, and their belief is too deep-rooted to admit of any argument. In spreading modern agricultural knowledge in the New Territories, the medium of young folks is our main hope.

FREE SEEDS

Free seeds, costing \$315.45, were distributed, and an increase of \$250 in this item over the previous year was well spent. The seeds for our own experiments were supplied by the Kernel Seed Co.

Travelling expenses for our lecturer and messengers were \$417.40 down as compared with the previous year. The saving was effected through the kindness of the Kowloon Motor Bus Co. in issuing two monthly tickets at a nominal fee.

The matched for the yearly show cost \$346 or \$111 more than the previous one. Plans for some permanent structure are being prepared for Mr. Joseph's approval with a view to cutting down this heavy charge year by year which comes to about one-third of our total receipts, apart from the Government grant.

The motorcycle should be sold to save \$110 to \$150 a year for its upkeep. Now that our lecturer has monthly railway and bus tickets there appears to be little necessity for a motorcycle.

Expenses under the other headings were more or less on the usual level and call for no special comment.

IMMEDIATE TASK

The immediate task before us to furnish the building, open the school and equip an experimental farm of some 200,000 square feet in short to put the whole organization into shape is very great indeed but there is nothing so difficult that it cannot be accomplished.

ed and there should be no lack of public support for such a worthy object.

Efforts should be made to increase the number of our members which will not only bring in more money from dues but also make the Association a stronger body. We have now 27 life members, 88 committee members, 14 ordinary members and 377 farmer members and our membership roll is capable of great expansion, to which particular attention is being paid. It is hoped that members will give their utmost assistance in this direction.

In our annual financial statements the names of most of our donors have appeared from year to year and that they take a sympathetic interest in our work is evidenced by their continuous generosity. I believe that new supporters would come forward if they only knew of the Association's work and progress, and a little publicity is needed here. A brief monthly report published in the papers would go a long way to gain public confidence and none the less keep the interest of our members alive. The press, both English and Chinese, have always been ready to give us all the help they can.

BUILDING EXPENSES

The matter is not ended with more yearly donations and membership fees. There is some uncertainty in these collections but the expenses for the Building, the experimental farm, the school, the yearly show and many other things, are very definite and we must try to raise by public subscriptions a fund that will give a fixed income of \$8,000 to \$7,000 a year a part of which should be made available for small loans to farmers and with the balance, the Government grant of \$2,000 and our receipts from donations and membership fees, we may safely budget a yearly expenditure of \$8,000 to \$9,000 which is by no means excessive, considering the work that is before us. \$100,000 should be sufficient to give the desired fixed income, and this question will receive the earliest consideration of the Committee.

The officers were re-elected for the year 1938-9.

The loss to the Association by the death of Lady Ho Tung was marked by a sympathetic silence. A vote of thanks to Mr. J. Barrow the District Officer was carried.

THE HEROISM OF A CHINESE
BOY SCOUT

The heroic death of the twelve-year old boy scout named, Chao Chia-ting, who risked his life in an attempt to save the lives of some of the seriously wounded refugees while they were being bombarded by Japanese air raiders, only to be killed himself by one of the bombs let loose by a ruthless foe has just been brought to light.

The boy has been dead for more than six months; but his memory is still living in minds of the few refugees who saw him at work among the wounded and the dead. From them was obtained the following story of the boy's remarkable heroism.

Sungkiang was a prosperous city located on the Shanghai-Nanking Highway. Since the beginning of hostilities in Shanghai, the city had been subject to frequent air raids by the Japanese.

On September 17 came another of those raids. Bombing was especially heavy near the railway station. At this time a train full of refugees from Shanghai was pulling into the station.

Because of the severity of bombing and machine-gunning, the train had to stop before it came to the platform and most of the refugees scattered over the field.

MUD AND WATER

Chao was one of the passengers. He was running toward the side of a pond, when a bomb explosion showered him with mud and water. He was wiping his face when he heard the shrill cry of a baby near the place where the train stopped. He ran back and found a three-year old baby who had one of his hands blown off by shrapnel.

He stopped the bleeding as best he could with his neckerchief, and took him on his back to search for a doctor. One of the enemy planes was machine-gunning the refugees

LADIES A.R.P.
UNION

Lady Northcote As
President

A Ladies A.R.P. Union was formed on Friday following a meeting at Government House when Lady Northcote kindly accepted office as President with Mrs. Bartholomew as Vice-President.

The meeting was attended by representatives of 35 different women's organisations in Hong Kong and a big drive to educate Hong Kong women of all nationalities in the matter of procedure during and after an air raid was outlined.

A working committee was appointed with the following members:—

Mrs. Steele-Perkins, (Chairman), Mrs. Murdoch, (Secretary), Mrs. Violet Chan, Mrs. Jack, Mrs. Wilson, Mrs. Dow, Mrs. Langley, Mrs. Ingram.

It was decided that lectures and demonstrations should be given to the various societies at times convenient to them, and it was suggested that this latter information should be forwarded to the Secretary of the Union as soon as possible in order that the necessary arrangements may be made for qualified instructors to attend and deliver lectures.

ALL ARE WELCOME

It was stated that as there might be some ladies organisations, guilds, etc. which were not represented at the meeting, a hearty invitation was extended to all such organisations to join the Union. Communications on this subject should be addressed to The Secretary, Mrs. Murdoch, 192, The Peak.

A hearty vote of thanks was proposed to Lady Northcote for calling the meeting and for accepting the Presidency. Lady Northcote then wished the Union the greatest success in its labours.

FUNERAL OF MISS
MARGARET CHAN

The funeral of Miss Margaret Chan, who passed away at the Hong Kong Sanitarium on Saturday morning took place in the evening and was largely attended. The deceased lady was taken ill three weeks ago.

Coming from Canada in 1932, the late Miss Chan soon made herself extremely popular with a large circle of friends.

She was employed with Mok Ying Kee, Stock Brokers.

A basketball player of ability, she had played in several charity matches in Hong Kong.

IMITATING THE

ARMY OFFICER
MARRIED

Mackenzie-Short

St. John's Cathedral was the scene of a very pretty wedding on Saturday when Miss Eileen Lorna Short, only daughter of Mr. and Mrs. Gordon Short, of Bristol, was married to Lieut. Roland Ingleby Mackenzie, Sonforth Highlanders, only son of the late Mr. R. I. Mackenzie and Mrs. Mackenzie of Compton Lodge, Kearsney, Dover.

The bride, who was given away by Dr. Newton, was attended by the Misses Carrie Newton and Joan Smalley as bridesmaids while Lt. Comdr. A.R.M. Baines carried out the duties of best man.

Following the Church ceremony a reception was held in the Roof Garden of the Hong Kong Hotel, this being attended by the many friends of the bride and bridegroom.

The honeymoon is being spent in Repulse Bay and on Thursday Lieut. Mackenzie will leave for Shanghai where Lieut. Mackenzie is stationed.

At the Bishop's chapel on Saturday the wedding was solemnised between Miss Diana Au, youngest daughter of the late Mr. and Mrs. Andrew Au Ben, and Mr. Albert Kwan, son of the late Mr. Kwan Yuen, of Vancouver, B. C. and Mrs. Kwan. The Rev Paul S. F. Tso officiated.

The bride was given away by her brother, Mr. David W. K. Au. A reception was held later in the evening when over 100 friends of both bride and bridegroom attended.

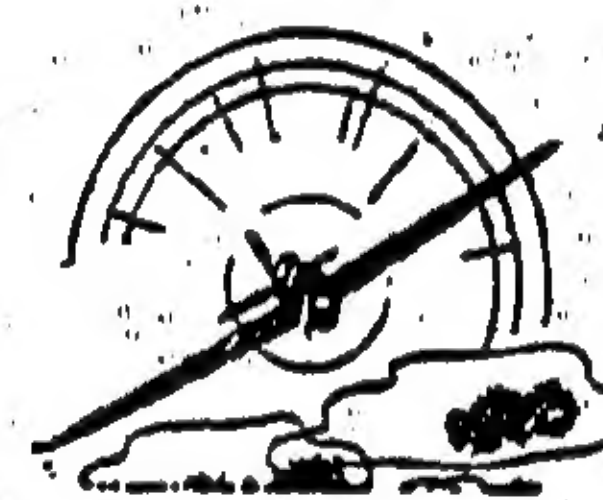

The honeymoon is to be spent at Repulse Bay and Shanghai.

QUIET CEREMONY

A quiet wedding was solemnised at St. John's Cathedral on Saturday afternoon when Miss Kathleen Wong became the bride of Dr. Lee Ho-tin.

Owing to the present circumstances, the Right Rev. H. Valtorta, Vicar Apostolic of Hong Kong has granted dispensation from the law of abstinence to all the faithful in Hong Kong until further notice.

CZECHOSLOVAKIA
WANTS PEACE

SLIGHTLY less than 10,000,000 Czechoslovaks form the backbone of the Czechoslovak Republic, which, although anxious to reach an agreement with Germany, is determined to fight if Hitler is rash enough to interfere in her internal affairs.

This little island of democracy in the troubled waters of Central Europe is the home of nationalism that has survived centuries of oppression.

Fifteen million people live within the boundaries of Czechoslovakia, and it was designed by the peace treaties after the Great War. They live in a lovely and pleasant land. In the north-west are the Bohemian hills and forests, in the east the green forests of Ruthenia; and the Slovak plain to the south is the home of those gaily-dressed peasants, people of song and dance, whose life and spirit has been caught in the music of Smetana.

The Czechs and the Slovaks form the greater part of the population, and it was to gratify their passionate nationalism (which had been guided by the late President Masaryk) and to give them an adequate strategic frontier that parts of the old Austro-Hungarian Empire were included in the new State when the makers of the peace treaties were hastily redrawing the map of Europe—with what incalculable consequences we are now beginning to understand.

MAGYARS in the south were placed under the jurisdiction of the Czechoslovakian State; Ruthenians in the east, to give the new country an opening to friendly Rumania; a few Silesian Poles were thrown in for good measure; and the Sudeten Germans (who had not been part of Germany) were over-ruled when they asked for autonomy, and also found themselves part of this vigorous

JAPANESE DOOMED TO FAILURE

HONG KONG, JUNE 5TH.

DURING THE PAST WEEK we have had little else but news of Japanese savagery in Canton. The activities of their air force in this part of China have been broadcast all over the world and in every instance nothing but disgust has been manifested about the way in which the Japanese airmen have dropped bombs in thickly-populated districts, killing hundreds of innocent civilians.

It was astounding, therefore, to read a message from Tokyo, from an official spokesman, to the effect that the Japanese air force had not bombed open cities and towns at all. They merely concentrated their attention on military objectives and if the world was told by China that civilians had been killed, then indeed these reports were much exaggerated.

The Japanese spokesman, however, must have lost sight of the fact that these reports from Canton came from strictly unbiased and neutral sources. What is more, they have been backed up by photographs, some of which are so gruesome that we have refrained from publishing them. Not that we seek, in any form, to hide the misdeeds of the Japanese, but the publication of these pictures was withheld out of consideration for the feelings of our readers.

The Japanese still continue to deny reports of anything that is not to their favour. Regarding the Japanese air raid over Hankow on Tuesday an account published in the North China Daily News stated that 21 Japanese planes took part in it, most of them being pursuit planes. These were engaged by about 40 Chinese planes and the Japanese lost 12 pursuers and two bombers.

Immediately under this report the journal referred to published a story from Tokyo, quoting a Navy spokesman as saying that in the raid nine Japanese raiders engaged over 50 Chinese planes, shooting down 20. The same Japanese report states that all but one Japanese plane returned safely to their base.

It has been stated in many quarters that the invasion of Canton by the Japanese air force is an effort to shatter the morale of the Chinese and so force an early end of the war. That is true to a certain degree for the Japanese realise now that it will not be possible for them to continue with the war on a large scale very much longer. Shortage of money, men and material make it impossible for them to do so and as their troops in the North are slowly but surely being beaten back on each front, they are trying to shift attention to the south in order that reinforcements may not be sent up from this part of the country to the northern fronts.

THE CHINESE GENERAL STAFF, however, have the matter so well in hand that this trick of the Japanese is doomed to failure. It is true that many civilians have been killed—hundreds of them—but it is through no fault of those in charge of the military establishments for they have done and are doing all in their power to protect the interests of the people. It may be seen how arduous their task is when one mentions the fact that the Japanese airmen seek out non-military objectives to bomb. They are far too gallant to fly over protected areas for they do not like the idea of an anti-aircraft shell exploding too near their machines!

There was some talk a few weeks ago that with the fall of Hsuehchow the Chiang Kai-shek Administration would seek to come to a peaceful settlement. We have stated many times in these columns that there can be no peace for China unless it be peace with honour and we make no apology for repeating the statement again today.

The fall of Hsuehchow only served to knit the country still closer together. There can be no doubt that today China is more strongly united than it was at the beginning of the war and each bomb dropped, each round of ammunition fired, only serves to strengthen this unity and the determination to resist to the last man.

From Japan comes the news that the anti-war movement is gathering in momentum each day. The peasants and the labourers as well as those in business are beginning to realise that the militarists of the unhappy Land of the Rising Sun, mad in their lust for more territory, made them empty promises of better things in return for loans to finance the China campaign. As each promise fails due to it becomes more and more apparent that the civilians have all been cheated.

Every man, woman and child is behind the Central Government and nobody realises this better than those in authority in Tokyo. For a brief period there may be rejoicings in the Japanese capital over the "successes" of their air force, but these will have no effect on the final result.

democratic community, which has Prague for its capital and Pilsen for its economic-military centre—a Pilsen renowned for beer and more respected because of the Skoda armament works.

Although the desires of the Germans and Hungarians were over-ruled they were promised the protection of minorities—a very necessary protection as a glance at the ethnological character of Czechoslovakia quickly shows.

The population is made up in this way: Czechoslovaks, 9,700,000; Germans, 3,222,000; Magyars, 691,000; Ruthenians 549,000; Poles, 82,000.

President Masaryk was both a philosopher and a democrat. President Benes is also a democrat. And, although in the earlier years of the country's existence, the minorities had some legitimate grievances, impartial observers agree that both the great Czechoslovakian leaders have been anxious to be fair to the minorities, and, in fact, have laboured to reconcile all minority differences within the country.

They will not, however, grant autonomy to the minorities lest the State itself be weakened; and it is a fact (if the line-up of the political parties is a guide, that the majority of the people are opposed to political autonomy.

The grievances of the minorities should, they say, be settled within the democratic structure of the State.

THIS QUESTION of autonomy, always difficult, became very dangerous when Hitler popularised the Reich crusade for a Greater Germany.

Exploiting the policy of disintegration from within, Germany made Henlein her mouth-piece in Czechoslovakia, and now 2,000,000 of the 3,000,000 Sudeten Germans are strongly Nazi, and their demands for a settlement of the minority question have become ominously strong.

Henlein, Germany's mouthpiece, demands for a settlement of the minority question have become ominously strong.

With this army, if war did occur, Czechoslovakia cannot win. But she will fight and that is why Europe is anxiously waiting for Hitler's next move.

NEW STUDENT
HOSTEL AT
TAO FONG SHANConsecrated At
ShatinBISHOP TAKES PART
IN CEREMONY

Somewhat isolated from the humdrum rush-about existence of Hong Kong and Kowloon and only some thirty minutes away by train is Shatin.

To the seeker after the everyday pleasures of life Shatin holds little of interest. To such, however, as may be interested in such a profound subject as the blending of Buddhist, Taoist, and Christian teachings into the teaching of Christ, Dr. Reichelt's work at Tao Fong Shan Monastery, Shatin, should be of much interest.

Yesterday at Tao Fong Shan an interesting ceremony took place when a new student hostel was consecrated by Bishop R. O. Hall and Dr. K. L. Reichelt jointly, to the service of the teachings of Jesus Christ.

The hostel was erected with funds supplied by friends of Tao Fong Shan societies in Norway, Sweden, and Denmark. There are 18 cells (following the Buddhist tradition) in the hostel for students selected from among the followers of the Buddhist and Taoist faiths.

AIMS AND ASPIRATIONS
In his address to the students of the Tao Fong Shan Institute and to the forty or more friends of the Institute who were present, Dr. Reichelt spoke of the aims and aspirations of Tao Fong Shan. On entering the gate of Tao Fong Shan, Dr. Reichelt explained, the visitor will notice four Chinese reading *too fong ying yai* or, literally, the Christ wind is here. On the other side of the gate, as the visitor will see as he leaves, are the characters *too fong to chien* or literally, carry the Christ wind into the world.

These two inscriptions will in themselves explain the meaning and the reason of the existence of Tao Fong Shan. There were three graduates of Tao Fong Shan who completed their studies this year and there would be more at Christmas and yet more next year. The students of Tao Fong Shan, Dr. Reichelt said, could be compared to St. John's "other sheep."

FOUR FLAGS
Bishop Hall, speaking next, drew the attention of those present to the back wall of the hall where were prominently displayed the flags of Norway, Sweden, Denmark, China, and Great Britain. Four of these flags, Bishop Hall said, had the cross as a background and it was to be hoped that in time the Chinese flag would also have for its background a cross.

Four of the nationalities represented by their flags had good reason for such display, Bishop Hall continued, but the British people had not yet shown such an active interest as Dr. Reichelt's work deserved. However, during Dr. Reichelt's recent tour of the Scandinavian countries he had also managed to spend three weeks on a lecture tour in England and had there made many friends for his work. On the 21st June there would be a meeting of the Diocesan Association in England and a British clergyman would be sent out to aid in Dr. Reichelt's work.

Mrs. E. C. Thomas, Secretary of the Society, appealed for a more active interest from the members. Tea and refreshments were then served to complete a very interesting afternoon.

"MANCHUKUO" TAKES
AIR RAID
PRECAUTIONS

Hankow, June 5.
"Manchukuo" is taking air raid precautions, according to information from foreign sources.

Dugouts and other air defence works are being constructed at Changchun, Harbin, Mukden and other cities and anti-gas measures are under consideration. (Central News).

Conservative Wins
BYE-ELECTION

London, June 4.
A bye-election in West Derbyshire caused by the succession to the Dukedom of Devonshire by Lord Hartington (formerly Mr. W. Ormsby Gore) on the death of his father has resulted in the return of another Conservative.

Polling resulted in an increase in the Labour vote by 8,000, while the Liberal vote dropped by 7,000. (Reuters).

Hello & Goodbye

—BY A. W. HYER—

THERE HAVE BEEN some "Big Doings" the past few days in transportation, and we would like to know how and why a "Jonah" has been paying respects to our travelling friends. This Jonah guy will please seat—scram—we have had enough of you.

The passenger lists have not been skimpy, and we found a large variety of interesting people.

Pan American Airways
IT WAS the Philippine Clipper last Wednesday with Captain W. A. Cluthe supervising, that arrived 3.10 p.m.

Mrs. Ruth Harkness, a marvellous passenger found it difficult to realize that eight days ago she had been in New York.

A-panda-searching, is the attractive burnette Mrs. Harkness, who arrived attired in a two-piece tailored light blue dress of denim type material. A twisted head bandeau of the same cloth and colour held her long black hair in place and appeared cool and comfortable. Brown sandals and bag completed an ideal flying outfit.

Due to the heat, Mrs. Harkness will be returning with her panda or pandas by boat. She regretted the impossibility of flying back to the United States via Clipper.

The Chicago Zoo is the home of Mrs. Harkness's one panda. On this trip she hopes to secure a male panda which will be used for breeding purposes.

Friday, 8 a.m., Mrs. Harkness left for Chengtu via C.N.A.C. under the guidance of Captain H. L. Wood.

Mr. Robert Pottschmidt, another passenger, returns to the fold. After six months in the States, he rejoins C.N.A.C. and will go flying up and down the Chungking to Hong Kong route.

THE WHARF gang, at 8 a.m., Thursday, had made last the Empress of Asia in from Shanghai. The humidity department was over working itself, everyone had their tongues hanging out practically, and we were in a sticky frame of mind and condition. The congestion of friends, money changers, coolies, etc. all trying to board the Empress through one gangway, did not help the situation.

Once on board, after losing two pounds getting there, we melted with a small splash when introduced to Mr. Ted Welsman, Assistant Purser of said Ocean Chart. Lots can be said for this dark gentleman (rats, we forgot to find out if he was still for sale) who appears to enjoy his job and all his customers. We appreciate the helpful "low down" he gave us regarding his ship and people.

Mr. C. J. Haywood of Vancouver, Yes—here is that man again, arrived via the Empress of Asia.

Mr. Haywood left the Colony last Xmas Eve for Canada, and now finds himself, rather hot, in Hong Kong again.

The many friends of Mr. Haywoods are all happy to have another visit from him. However, within the next three weeks, if you hear any "going on" at the Peninsula, it will probably be a "Royal Mountie" keeping in practise.

A new member for the American Express office here, Mr. R. E. Lapean, was also an Empress passenger.

Mr. Lapean from the state of New Jersey is on his first trip to Hong Kong, and was quite pleased at the prospect of a tour of duty here.

We hope you like Hong Kong, and the people are great, especially on cool days.

Imperial Airways
FRIDAY, 6 P.M. Captain J. N. Wilson (he looked ready to growl, so we dared not ask him why the scowl, he might have bitten us) deposited the Daedalus at Kai Tak.

The Superior General of the Maryknoll Mission, Bishop James Edward Walsh was greeted by many of his fathers and old friends.

Bishop Walsh who spent eighteen years in China was glad to return after a two year absence. Travelling by way of Rome, Bishop Walsh had a half hour audience with the Pope. May 31 was the eighty-second birthday of The Holy Father. He is in good health and keenly interested in the far east situation. The Bishop stated,

"During the next six months, Bishop Walsh will visit the Missions connected with his order in China, Manchukuo and Japan."

Saturday, 6.30 a.m.
THE DAEDALUS commanded by Captain Wilson took off from Kai Tak for Bangkok with passengers and mail of the R.M.A. Dorado. The Dorado being in the hospital due to an accident, Friday a.m.

Mr. W. K. Le Count of Washington, D.C. was on his way to Bangkok. He will be "The Big Boss" for the Siam Commercial Bank.

Arriving last week on the President McKinley, Mr. Le Count was hailed by many old friends of his City National Bank days. He was glad to be out in this country again, and expects to be joined by Mrs. Le Count and his son in the near future.

A Great Disaster Takes Place:
DON'T CRY GALS—and don't swear either. He is going—now gone—Mr. R. M. C. Dobbs of Hong Kong's Imperial Airways Office, to new duties in the Bangkok office.

Turn out for a compliment to Mr. Dobbs (he went like it), one of the most charming, intelligent and courteous persons connected with transportation that it has been our pleasure to work with—many thanks.

His friends in the Colony are sorry this transfer is necessary, but hope he will "Come up and see us sometime," and wish the best of luck in the future.

Imperial Airways 15th. Year
RECENTLY THE IMPERIAL AIRWAYS celebrated its 15th birthday and made plans for another twelve months of progress. Such events as more Atlantic flights, extension of the marine air route through to Australia, and the introduction of the new air liners of the E and F classes.

Today in operation or construction, the company has 83 flying boats and land planes. The first year flying miles were 829,500, number of passengers carried 11,000. The year 1937 mileage 5,500,000, passengers carried 69,000.

Hakozaki Maru
FRIDAY p.m. away for Japan sailed N. Y. K.'s comfortable and compact Hakozaki Maru.

Mr. P. Baergen of General Motors Co., whom we wished to see, paged, looked for ourselves and nearly called him a Whore! It could not be found. He is definitely on his way to Shanghai, and when he returns we will catch him.

Mr. and Mrs. L. D'Oby of the Colony are combining business and a vacation on their trip, sailing via Japan (trans-shipping) to the United States. They will be away several months.

Madame D'Oby will return with new styles and ideas galore for the winter season.

We join with your many friends who were out to see you off in "Bon Voyage."

Conte Rosso
ANOTHER CUSTOMER on the sick list.

The Conte Rosso minus passengers and cargo, and not feeling a bit happy, all due to her accident in the north, arrived Sunday a.m. She will proceed Tuesday into drydock and within approximately two or three weeks, after a complete overhaul and beautifying, she will rejoin the Lloyd Triestino family.

BANKERS' PARLEY
ADJOURNED
Hankow, June 4.
After a three-day session, the National Financial Conference was formally adjourned yesterday.

Reports of the various sections together with recommendations were read and passed at the last meeting prior to the adjournment.

Delivering the closing address, Dr. H. H. Kung, President of the Executive Yuan and concurrently Minister of Finance, urged the bankers and representatives of various provinces and municipalities to exert their best efforts to carry out the National Government's financial policy and put all resolutions reached at the conference into execution. (Central News).

BELGIAN STEEL
AGREEMENT
Brussels, June 4.
An agreement has been reached between Belgian steel-makers regarding the distribution of the domestic steel quota, thus removing the final obstacle to the reconstruction of the international steel cartel as from July 1. (Reuters).

Figure 1 consists of two scatter plots, (a) and (b), showing the relationship between the number of children and the number of children in the household. Plot (a) shows a positive correlation, with a regression line indicating that as the number of children increases, the number of children in the household also tends to increase. Plot (b) shows a negative correlation, with a regression line indicating that as the number of children increases, the number of children in the household tends to decrease.

MR. A. W. RAYMOND WINS ON OAK BAY TO RETURN \$431.30 DIVIDEND

COURTING EVE SHATTERS
COURSE RECORDSame Ticket Wins Two
Sweep Prizes

The sensational win of Oak Bay (Mr. A. W. Raymond) in the first race of the day to pay the handsome return of \$431.30, the biggest dividend of the meeting and the record-breaking run by Courting Eve in the second race, over six furlongs when the pony clocked 1 min. 16 secs. against the previous best of 1.16.3 by Lancashire Chaps, were the main features of the first day of the Sixth Extra Race meeting at Happy Valley on Saturday.

Another incident worthy of note is that the lucky holder of ticket No. 904 won the first prize in two races in succession—the second race when the prize money was \$1393 and the third race when the return was \$1480.36.

Mr. H. C. Pih had another successful meeting and the best finish of the day was seen in the penultimate race when a short head separated the first and second ponies with the same distance between the second and third. The Fei-Ying-Election Time combination paid \$40.80 for the Daily Double.

JUNE HANDICAP

Mr. A. W. Raymond provided a sensation in the first race of the afternoon when he rode Oak Bay to win and pay his supporters the fine return of \$431.30. Cameronian (Mr. C. Encarnacao) was second and Bear Claw (Mr. D. Black) third.

Oak Bay established a lead right from the start and was never overtaken although Bear Claw came very near to doing it at the Quarter-Mile Post.

Cameronian was badly left at the Post and even its most ardent supporter gave up hope for it to even take third place but Mr. Encarnacao rode with remarkable judgment and finished second.

BONDI HANDICAP

Courting Eve (Mr. H. C. Pih) set up a new record for the Six Furlongs when it finished first in the Bondi Handicap in 1 min. 16 secs. to beat the previous best, set up by Lancashire Chaps, of 1.16.3. It was, however, too well-beaten to pay more than \$18.10 for a win.

Courting Eve led all the way followed by Double Finesse (Mr. S. C. Liang) and Lancashire Chaps (Mr. B. A. Proulx) and there was no change in the order till the last 50 yards when Lancashire Chaps passed Double Finesse.

More Chinese Boxer Indemnity Scholars

War or no war, the Board of Trustees offer the administration of the Boxer Indemnity Funds remitted by the British Government has gone ahead with its preparations for the holding of the annual examinations to send twenty Chinese scholarship students for advanced studies in Great Britain.

The tests, as difficult as the Imperial examinations of the old days when successful candidates were given official posts, will take place in four Chinese cities, including Canton and Shanghai simultaneously on July 30 and 31, 1938. The qualified participants will sail for England at the end of August or early in September in time for the autumn term.

As in the previous five annual contests, the chosen candidates will pursue a great variety of subjects, mainly scientific.

VARIOUS STUDIES

Thus, of the twenty students, two will study physics, two, mechanical engineering and two civil engineering, with one each specializing in mathematics, geography, survey and map projection, agricultural chemistry, animal husbandry, veterinary science, fisheries, industrial chemistry, biological chemistry, pathology, education, history, economics and law.

The Board of Trustees started sending scholars to Great Britain in 1933. So far it has financed 104 students. Some of them are now in Germany, a few in the United States and also a few on the Continent. Having completed their courses in England, some have transferred to other countries for additional study.

RESEARCH INSTITUTES

About thirty of these Boxer scholars have returned to China and are now connected with various universities or technical colleges with others in government service or in research institutes. Twenty more are returning this summer.

Up to May, 1938, it had cost the Board of Trustees £80,000 to send and maintain these students in British institutions of high learning, each for a period of three years, which may be prolonged, if necessary.—(C.I.C.).

BASEBALL LEAGUE

Chinese Score Fine Win Over H.K.B.C.

Chinese Recreation Club scored a handsome win over Hong Kong Baseball Club at Caroline Hill on Saturday and as a result are now favoured to win the championship. The margin was 14 runs to two and this in no way flattered the Chinese, for their hard-hitting batters were in form right through.

SHARE MARKET REVIEW

Buyers Hold Back

BY C. A. L. RICHETT

Member-Secretary

Hong Kong Sharebrokers' Assn.

The market has been very quiet during the week under review.

Buyers have been inclined to hold back in anticipation of an easing off in prices, which in some instances, have given way slightly.

On the other hand sellers display a reluctance to part with shares at listed prices. Business has, therefore, been on a very restricted scale with only a small turnover.

In view of the active market experienced during March and April the dullness during the last few weeks can be looked upon as a very natural reaction. And in spite of being once again overshadowed by the threat of invasion in South China there has been no pressure to sell and the uncertainty has remained steady indicating a healthy condition of the market.

Providents (O), converted shares changed hands at \$6.80 and at the close of business had buyers at \$6.80. There was a demand for Trams at \$16 1/2 and Hotels were wanted at \$6.65. Lands were done at \$36 and further shares could be obtained at this price. Electrics were done at \$60 but later could be obtained at \$59 1/2. Telephones (O) eased off from \$27 1/2 and could be obtained at \$27. Cements had buyers at \$16 1/2 and sellers at \$16 1/2. Market closed quiet.

Gold Mining stocks fell to attract and prices remain more or less unchanged with an easier tendency.

A quiet market is reported from Manila at the close.

THE EXCHANGE MARKET

MESSRS. ROZA BROS.

Silver prices rose 1/8 yesterday for both deliveries, the quotations being 19 1/16 for Ready and 18 3/4 for Forward. Silver advances reported some bear covering. Sellers were scarce. The market was steady. American Silver was quoted at 42 3/4 for Spot.

The London-New York cross-rate was quoted at 494.62. New York-London was quoted at 494.15/16.

BRITAIN WINS WALKER
CUP FOR FIRST TIME

English Champion Outplayed

DUKE OF KENT SEES HECTOR
THOMSON BEAT GOODMAN

History was made at the famous St. Andrew's Links when Great Britain defeated America in the Walker Cup golf match for the first time since the inauguration of the competition in 1922. On Friday, Britain won the foursomes by two matches to one, one being halved.

On Saturday, Britain won the singles by five matches to three.

Hector Thomson, last year's winner of the British Amateur Championship, shot a 68 this morning to equal Bobby Jones' course record and also secured a 6 up lead against Johnny Goodman, former U.S. Open and Amateur champion. Not long after this, however, M. H. Ward (America) brought in a card of 87 to beat Bobby Jones' record, equal Willie Nolan's professional record and secure the unassailable position of being 9 up on J. J. F. Pennink, English amateur champion for two years running. The British player did not win a hole!

Detailed results were as follows:

FOURSOMES

J. W. Fischer and C. Kocsis (U.S.) tied with H. G. Bentley and James Bruen (Britain).

G. B. Peters and Hector Thomson (Britain) beat Johnny Goodman and M. Ward four and two. Charlie Yates and Ray Billows (U.S.) beat A. T. Kyle and C. Stowe (Britain) three and two.

J. J. F. Pennink and L. G. Crawley (Britain) beat Reynold Smith and Freddie Haas (U.S.) two and one.

SINGLES

M. H. Ward (U.S.) beat J. J. F. Pennink 12 and 11.

Ward took 23 strokes for the seven holes and Pennink 31.

H. Thomson (G.B.) beat J. G. Goodman 6 and 4.

Charles Yates (U.S.) beat James Bruen 2 and 1.

J. W. Fischer (U.S.) beat Leonard Crawley 3 and 2.

Gordon Peters (G.B.) beat Reynolds Smith 9 and 8.

Charles Stowe (G.B.) beat Charles Kocsis 2 and 1.

A. Kyle (G.B.) beat M. H. Haas 5 and 4.

Cecil Ewing (G.B.) beat Ray Billows 1 up.

DETAILED SCORES

Yates, 33, 37, 37, 33.
Bruen, 34, 39, 36, 33.

Bruen recovered magnificently from a bunker guarding the fourth and then missed an 8-yard putt to halve the hole. He also missed holeable putts at the 12th and 13th.

The Briton outdrove his American opponent, but the latter was deadly with his approach shots.

Yates took three putts when 12 yards from the pin at the 17th, but he holed an 8-yarder at the 18th.

Yates missed a 5-foot putt at the 7th and Bruen bunkered at the 28th. Bruen had a grand chance at the 31st but missed a putt from less than two yards.

THOMSON BRILLIANT

Thomson, 35, 33, 33, 25 (5).
Goodman, 39, 38, 30, 24 (5).

The Duke of Kent, captain of St. Andrew's, watched this match.

Thomson's brilliancy, especially with his irons, held the crowd spellbound. Goodman, on the other hand, was weak on the greens.

Thomson holed an 80-yarder at the 14th.

JAPANESE USE
GAS SHELLSChinese Troops
Withdraw

Anhui, June 4.

After being repeatedly thrown back by the Chinese defenders, the Japanese column pushing westward from Hwaiyuan in north Anhui is alleged to have used gas shells to attack the Chinese and effected a crossing over the Lo River to the south bank at Hsin-chengchow on June 2.

The Japanese column pushing westward from Tingyuan, 33 miles west of the Tientsin-Pukow Railway in Anhui, is challenged by the Chinese in Pelluchiao. The Chinese have occupied the rising ground around the place and are effectively holding out against the enemy.

Three Japanese planes raided Shouhsien in central Anhui yesterday. Over 20 bombs were dropped. The damage was, however, light. (Central News).

CRAWLEY ERRATIC

Crawley, 36, 35, 39, 28 (7).
Fischer, 38, 39, 33, 25 (7).

Fischer, though half stymied at the third, holed a 3-yarder, but he took three putts at the 8th. Crawley was magnificent on the greens, which, peculiarly enough, is often the weakest link in his game.

Fischer holed out from all over the green. Crawley was erratic and suffered an unexpected defeat.

STOWE WINS

Stowe, 35, 39, 37, 35 (6).
Kocsis, 37, 37, 37, 37 (8).

Stowe holed a ten-yarder at the 19th and Kocsis repeated the performance at the 21st green. On the 35th green Stowe missed a putt from 12 inches but left Kocsis a stymie which he failed to negotiate.

SMITH OUTPLAYED

Peters, 38, 37, 34.
Smith, 39, 40, 40.

Peters outplayed the American journalist. Smith stymied himself on the 26th and then knocked in Peters' ball. The Scot was very steady, and holed out from the edge of the green on the 23rd.

THE TITLE MATCH

Kyle, 36, 38, 36, 19 (5).
Haas, 39, 37, 39, 21 (5).

Kyle's win gave Britain the title. Kyle who was off his game on Friday, played very steady on Saturday.

Kyle effected some amazing recoveries after erratic tee shots. He was splendid with his approach shots, but missed a yard putt at the 18th.

EWING IN FORM

Billows, 37, 36, 37, 35.
Ewing, 40, 38, 36, 37.

The burly Irishman was putting finely and soon overcame his pre-lunch deficit. Billows rallied later, but it was unavailing. At the 35th a 5-yard putt by Billows hung on the lip of the hole. Ewing holled from four feet for the match.

DEVASTATING GOLF

Ward, 32, 35, 28 (7).
Pennink, 37, 40.

Ward played devastating golf and was too good for the English champion.

WIN FOR PERRY

London, June 5.

In the final of the Yorkshire Evening News £75 professional golf tournament played at Cobble Hall yesterday, Alfred Perry, of Leatherhead, beat Vernon Greenhalgh, of Prestwick, Manchester, 8 and 6, over 36 holes.

Perry was four up at the 18th hole. (Reuters).

CELTIC WIN

Glasgow, June 5.

In the Semi-Final of the British Empire Exhibition Association Football Tournament, Celtic, winners of the First Division of the Scottish League, beat the Hearts by the only goal of the match. (Reuters).

OUT FOR "DUCK"

Stanley McCabe, above, the Vice-Captain of the Australian Test touring team, who failed to open his account in their match against Gloucester, being sent back to the pavilion for a "duck."

HOME CRICKET
SCORESR.W.V. Robins Hits
Up A Century
Against Sussex

London, June 5.

At the close of play in their match against Essex at Southend, the Australians scored 145 to which Essex had replied with 114.

W. A. Brown scored 55 for the visitors while Kenneth Farnes, the Essex and England fast bowler, took four wickets for 43.

Ward was in good form with the ball and dismissed seven Essex batsmen for 51 runs.

The Australians had commenced their second innings, and had not registered any run nor lost a wicket, when stumps were drawn.

COUNTY MATCHES

Scores at the close of play in the County Cricket championship matches were as follows:—

Middlesex 572 for 8 (R. W. V. Robins 137) v. Sussex at Lords; Gloucester 221 v. Somerset 187 for 1 at Taunton.

Worcester 302 (J. C. Clay 5 for 101) v. Glamorgan 46 for 4 at Worcester; Kent 199 v. Hampshire 225 for 4 at Southampton; Lancashire 232 v. Yorkshire 1 for 0 at Bradford.

Surrey 105 (Butler 5 for 18) v. Notts 170 at Trent Bridge; Derby 224 v. Warwick 115 for 4 at Derby.

Northants 103 (Flamson 4 for 20) v. Leicestershire 203 for 1 (Prentice 135 not out) at Leicester; Oxford University 288 (Lomas 124, Meyer 5 for 63) v. Free Foresters 24 for 0 at Oxford.

TEST TRIAL

The Test trial at Lords ended in a draw.

In answer to the total of 298 scored by the "Rest," England XI hit up 377, of which Walter Hammond, the captain, made 107. At 49, Hammond completed his 1,000 runs for the season.

J. Hardstaff made 35, Verity 29, Smith 21 not out. Pollard took five wickets for 57 runs.

The Rest had scored 188 for three wickets when stumps were drawn. Of this total, Flahock, the Surrey left-hander, made 109 not out, D. R. Wilcock, the Essex captain, was out for a "duck." Paynter made only one, N.W.D. Yardley 28 and Dollery 40 not out. (Reuters).

RED CROSS MEN
BOMBEDCanton Appeal
To Geneva

Canton, June 4.

In a telegraphic message to the International Red Cross at Geneva, the Canton Red Cross has urged the international organ to devise ways and means to stop the Japanese wanton killing of mercy workers exemplified in last Saturday's bombing of Canton.

Giving details of the number of workers machine-gunned by the Japanese airmen during the raid, the message points out that these constitute a clear violation of international agreement, which guarantees the safety of rescue parties in time of war.

When the Red Cross workers were giving aid to the victimised people, the message recalls, Japanese planes swooped down from their height and first strafed the party with machine-gun fire and later bombed them.

As a result, a large number of the workers were killed and wounded, including several party leaders, it says.

The message asks that the details of the case be communicated to all Red Cross Societies affiliated with the Geneva International so that concerted action may be taken to stop further recurrence of such outrages. (Central News).

FLORIDA MAN-HUNT
ABANDONED"Skeegie" Cash
Thought Dead

Princeton, June 4.

The search for "Skeegie" Cash, young son of Mr. James Cash, the wealthy Florida oil dealer, has been abandoned.

The five-year-old boy was kidnapped last week and, since the kidnappers, with whom the lad's father had made contact, broke faith, an unprecedented hunt has been carried out.

Now it is almost certain that the boy is dead, and the search has been called off, except for naval planes, which are still combing the coast. (Reuters).

FOREIGN MAILS

GENERAL HOLIDAY

On Monday, the 6th June, the General Post Office, Kowloon Central Post Office and Sheungwan Branch Post Office will be open from 9.00 a.m. to 11.00 a.m. and the other Branch Post Offices will be entirely closed.
